Sheffield Teaching Hospitals NHS Foundation Trust

Carer contacts and demographics form: babyPHONO study

University of Sheffield

The NHS number of the baby needs recording here for all babies that participate in the babyPHONO study. This will be used to collect date of birth and time of birth to calculate age in hours of heart sound recording.

Please also ask all babyPHONO study participants in both arms to complete the demographics details on the reverse of this page

NHS number of participant: ☐☐☐ ☐☐☐ ☐☐☐☐

Participant Study Identification Number: ☐☐☐☐☐

The contact details on this side of the sheet below only need collecting for participants enrolled in arm 2 of the study (babies undergoing an echocardiogram) for purposes of a follow up phone call after the participant is 1 year of age
OR
for carers of participants that would like to be informed directly of study results

Contact details of carer:

First name: _____

Surname: _____

Telephone number: _____

E-mail address: _____

Postal address: _____

_____

_____

_____

Dear carer: You will be contacted by e-mail and/or letter 4-8 weeks prior to the follow up phone at 1 year of age (for participants in arm 2). This will remind you and give you the opportunity to continue participating in the study, and you can inform us if you would rather not be contacted. Please mark an x in the box below to indicate whether you would prefer this contact to be by e-mail and/or letter:

I would prefer e-mail ☐ **I would prefer a postal letter** ☐

Please also complete the demographics details of carers and babies on the back of this sheet

babyPHONO

Carer contacts and demographics form: babyPHONO study
